History of the Accent

Introduced in 1995 as the Excel replacement, the 4-door Accent sedan competed against the Ford Aspire, Geo Metro, Toyota Tercel and other budget subcompacts. Three models went on sale: L hatchback (the lowest-priced Accent) and base versions of both the hatchback and the sedan. Accents used Hyundai's 1.5-liter 4-cylinder engine, rated at 92 horsepower. A 5-speed manual transmission was standard and 4-speed automatic optional on all models except the L hatchback. Dual airbags were standard. Anti-lock brakes were optional on base models, but not available on the L.

- In 1996, a sporty new GT was introduced with a more-potent, 105-horsepower, dual overhead cam engine. Unique GT features included a firmer suspension and performance tires on 14-inch alloy wheels, a tachometer, rear spoiler, fog lights, full cloth interior trim and a stereo system with four speakers.
- Changes for 1997 were the trim level of GL being adopted for sedans, with hatchbacks being called the GS.
- In 1998, the GT model, along with its 105-horsepower engine, was dropped. Other changes included revised front and rear fascias and new headlights.
- Accent was a carryover for 1999, with the major change being the elimination of the previously optional anti-lock brakes.
- The second-generation Accent was introduced in 2000, with a sophisticated European look and refinements.
- A significant facelift was done in 2003, with refinements in changes to the hood, front fenders, bumper, grille headlights, taillights and rear deck.
- In 2004, air conditioning which was standard on the GL, became an option.
- For 2005, the base 3-door trim was discontinued and the 3-door GL was only offered as a GLS.

◆ *All-New for 2006*

The 2006 all-new Accent offers an unprecedented combination of safety, room, power, value and warranty, resulting in overwhelming competitive advantages.

Available only as a GLS 4-door sedan, with optional automatic transmission, and a Premium Sport Package consisting of air conditioning, power windows, powered heated mirrors, power door locks, remote keyless entry with panic and 15-inch alloy wheels, Accent is priced for the most price-conscious buyer and can be equipped for those who want all the amenities.

Class-leading standard safety equipment

◆ 2006 Accent versus the Competition

To effectively sell, you have to be aware of which vehicles your customers are cross-shopping—that way, you're prepared when they come in asking questions. In the case of Accent, it goes against a wide variety of competitors—everything from Chevrolet Aveo, Toyota ECHO, Kia Rio and Scion xA to the soon-to-be introduced Honda Fit.
