- "... the Tucson compact crossover continues to impress us. Notably, this isn't simply because of traditional Hyundai strengths like value, affordability and overall quality. These qualities still define the Tucson, yet the crossover SUV's sleek styling, abundant features and fun-to-drive nature are what set it apart from its competition. Unlike many of the humdrum interiors found in other crossover SUVs, the (2012) Hyundai Tucson offers a contoured twin-cowl dash that's available in two-tone color schemes. It's quite a bit more appealing than the plain, truck-style treatments seen in the competition, and more functional to boot." – **Edmunds.com**

- The 2010 and 2011 Tucson earned **Top Safety Pick** by the Insurance Institute for Highway Safety (IIHS)

- Tucson received *Insure.com's "Low Cost Car Insurance Award,"* extending Hyundai's value story beyond purchase price, and into the overall cost of ownership.
