ELANTRA GT 2015 FAST FACTS CONTINUED

ELANTRA GT AWARDS AND ACCOLADES:

- The **Elantra GT** was named to **Strategic Vision's** list of the **"Most Loved Vehicles in America"** in the Small Multi-Function Car category; this report demonstrates how hard people can fall in love with the cars they drive.

- *Kiplinger's Personal Finance Magazine* named the **Elantra GT Best New Car Under \$20,000**, besting competitors such as the Dodge Dart and Nissan Sentra.

- The **Elantra GT** took top honors in the annual car of the year awards bestowed by the **Inter-American Federation of Automotive Journalists (FIPA)** when it was named the **"2013 Car of the Americas"** during the press preview days at the *North American International Auto Show* in Detroit.

- *"In the Elantra GT, Hyundai combined function with style and adorned it with better driving dynamics than the coupe. For those reasons, we prefer the GT. If it doesn't look young enough, we'll wear a Tapout hat or take up kayaking."* – **Edmunds.com**
- *"Step inside the Hyundai Elantra GT and you're immediately transported into a different class of five-door hatch. The interior is bright, light and open, which is a stark contrast from nearly every other car in the segment. Like the normal Elantra, the GT's interior is well constructed with solid, responsive controls. Unlike the sedan, however, the GT's center console isn't overwrought with futuristic design."* – **Edmunds.com**

- *"The hatchback is the only Elantra body style allowed to wear GT badges, and from a visual point of view, it is indeed a distinction versus its lineup-mates... Another plus: The GT is commendably quiet at most speeds. There's a little wind noise north of 80 mph but almost no rumble coming up through the suspension, another tribute to the damping system."* – **CAR and DRIVER**

- *"The front seats are well-bolstered. Rear legroom is adequate in the sedan... and generous in the GT."* – **Kelley Blue Book**

- *"Seats are comfy and the outward vision works despite a wide rear pillar."* – **Road and Track**
